Re: Off-Site Rule Acceptability Determination
Countywide Recycling & Disposal Facility
OEPA 76-00-10

Dear Mr. Vandersall:

This letter is in reply to the January 16, 2001 letter to Mr. William Damico regarding the Countywide Recycling & Disposal Facility request for off-site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that no relevant violations or releases currently exist at Countywide Recycling & Disposal Facility. Therefore, Countywide Recycling & Disposal Facility located 3619 Gracemont St. SW, East Sparta, Ohio is acceptable to receive non-hazardous wastes from CERCLA sites at the cells which meet the minimum technology requirements for subtitle-D landfills.

The acceptability determination is based on the assumption that only non-hazardous waste for which Countywide Recycling & Disposal Facility is properly permitted will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Coordinator(s).

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely,
